Sleek & Light, Powerful Inside

Unfold for Full Signal Strength

- Patented integrated foldable antenna, no assembly needed.
- Unfold for boosted signal transmission & reception.

Blazing-Fast 5G, Anywhere

Stream, download, and connect at up to 7.01 Gbps

Carrier aggregation & ultra — wide bandwidth for rock — solid stability

Faster than wired broadband — true wireless freedom

All-Day Power, Zero Downtime

10,000mAh battery
15+ hours of continuous use

Hot-swappable battery for endless uptime.

Built-in power backup — keeps your business online.

Next-Gen Wi-Fi 7 Intelligence

Smarter connections, zero congestion

Multi-Link Operation (MLO) avoids interference automatically.

Ultra-low latency for gaming, calls, and live streaming.

Triple-Network Intelligence

Auto-switches between two SIMs + eSIM for the strongest signal.

Failover in seconds — you’ll never notice a drop.

Global roaming ready, with cost-aware network selection.

Self-Healing Network

Detects issues · Fixes itself · Stays online

Real-time monitoring of signal, latency, and throughput

Auto-recovers within seconds — no IT ticket needed.

AI-Powered
Network Assistant

Your network, automated.

24/7 AI monitoring & auto-fix

Zero-touch deployment: instant setup, remote control

AI-driven shift from reactive to proactive

GO BEYOND FIBER, GO 5G! Experience Seamless Connectivity With CR602
