IR602

5G RedCap for Industrial IoT

5G RedCap • Dual-Band Wi-Fi 6 • 2.5GbE • Cloud-Managed

COMPACT BY DESIGN. READY FOR THE CABINET.

Built for space-conscious industrial installations.

- 3.87 × 3.62 × 0.94 in*
- DIN-rail or wall mounting
- Fanless metal housing · IP30
- −40°F to +158°F operation*

5G RedCap.
Built for Industrial IoT.

Connect distributed equipment with native 5G SA
connectivity and 4G LTE support.

5G NR SA • LTE FDD/TDD

Dual-Band Wi-Fi 6 for the Edge

Connect local devices across simultaneous
2.4 GHz and 5 GHz bands in AP or client mode.

5 GHz

2.4 GHz

5 GHz:
up to 2402 Mbps*

2.4 GHz:
up to 574 Mbps*

Up to 64
connected devices*

Connections for the Network Edge

Bring cellular, wired networking and field signals into one compact router.

- 1 × 2.5GbE (WAN/LAN) + 1 × 1GbE LAN
- 2 × DI/DO
- 12 V DC / 2 A industrial input
- Power consumption ≤15 W

Multiple Layers of Link Resilience

Built-in mechanisms help distributed sites recover from common connection interruptions.

PRIMARY

BACKUP

Dual-SIM hot backup

ICMP/TCP health checks

Embedded watchdog

Ethernet, cellular & Wi-Fi STA

Priority failover & multi-WAN

Helps maintain connectivity

Security Controls for Distributed Networks

Apply access policies, traffic controls and encrypted VPN connections at each site.

- IPsec · L2TP · WireGuard · OpenVPN
- Stateful firewall and access control
- SNAT/DNAT and port forwarding
- Policy-based routing and QoS

Device Live

Manage Distributed Sites Without the Road Trips

Use DeviceLive to monitor devices, manage fleets in batches and support remote maintenance.

- Device and interface status
- Batch configuration and remote diagnostics
- OTA firmware and configuration updates
- Alerts and cellular signal analysis
- REST API for third-party integration

5G RedCaP for Connected Industry

Smart Manufacturing

Smart Energy

Municipal Infrastructure

Transport Infrastructure

Environmental & Chemical Safety

Industrial Cabinet Deployment

Bring efficient cellular connectivity and remote management to distributed industrial sites.
